

Central New York Hackathon

November 6th and 7th 2015

Mohawk Valley Community College

The Central New York Hackathon is a local cybersecurity conference and competition designed for students from Mohawk Valley Community College, SUNY Polytechnic Institute, Utica College, and Herkimer College. Friday evening's kick-off event features presentations and demonstrations from local cybersecurity experts. On Saturday, students participate in exercises designed to enhance cybersecurity skills. The exercises are designed and implemented by volunteers from the Air Force Research Lab and local industry professionals. Students are organized into mixed teams led by experienced students.

Kickoff Event

Friday, November 6th, 4 p.m., Information Technology Building 225

Dr. Misty Blowers, *Computer Scientist, US Air Force
Cybersecurity Research and Operations*

Dan Kalil, *Operations Manager at Assured Information Security
Update from the Penetration Testing Industry*
